

Help at the Touch of a Button

Protect your staff 24/7 with easy-to-use push buttons that can be at any fixed location in your facility. In an emergency, the button is pushed and alerts are sent via text and email to unlimited recipients.

Intruder? Medical Emergency? Violence? Harassment?

Always Keep Safety Within Reach

How it Works

1 Push button

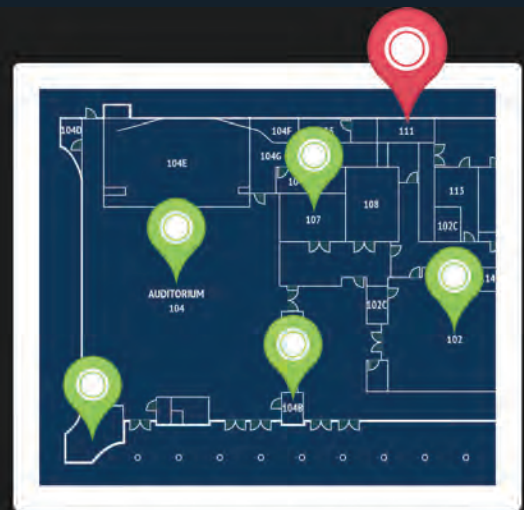

2 Alerts designated recipients, shows location of distress call

3 Incident report is generated

Simple To Use

- ✓ No Site Survey Needed
- ✓ Installation Included
- ✓ Training Included
- ✓ Floor Plan Configuration Included
